- 1) Work conducted pursuant to a building permit must be **visually inspected by the Code Enforcement Officer or detailed Photographs** and must conform to the Building Code, Residential Code, Fire Code, Existing Building Code, Fuel Gas Code, Plumbing Code, Mechanical Code and Energy Code of New York State, in addition to the Zoning Ordinance of the Village of Boonville, as well as any other applicable codes, rules or regulations.
- 2) **It is the applicant's responsibility** to notify the Code Enforcement Office at (315)-338-2890, ext. 9 or by email **at least 48 hours before** any inspection will be conducted. Several inspections are typically required, as further described on the **Building Permit placard and Inspections report form**.

DO NOT PROCEED TO THE NEXT PHASE OF CONSTRUCTION IF THE PREVIOUS PHASE HAS NOT BEEN INSPECTED!

Completed work may need to be removed at the owner or contractor's expense to conduct the missed inspection. Close coordination with the Code Enforcement Office will greatly reduce this possibility, as well as the possibility of the issuance of a "Stop Work Order".

- 3) The owner hereby agrees to allow the Code Enforcement Officer to inspect the sufficiency of the work being done pursuant to this permit, provided that such inspections are limited to the work being done pursuant to this permit; however, any other violations which are not related to the project allowed by this permit may be cited if they are readily discernible from such inspections.
- 4) New York State Law requires all contractors to have Worker's Compensation and Disability Insurance for their employees. No permit will be issued unless currently valid Worker's Compensation and Disability Insurance Certificates are attached to this application or are on file on the New York State Worker's Compensation Board website (www.wcb.ny.gov). If a contractor believes they are exempt from the requirements to provide Worker's Compensation and Disability Insurance, the contractor must apply for and submit a Certificate of Attestation of Exemption with form CE-200, which is available from the Code Enforcement Officer.
- 5) If a Certificate of Occupancy is required, the structure shall not be occupied until such certificate has been issued.
- 6) Work undertaken pursuant to this permit is conditioned upon and subject to any state and federal regulations pertaining to asbestos material.
- 7) This permit does not include any privilege of encroachment in, over, under or upon any village street or right of way.
- 8) The building permit placard must be displayed so as to be visible from the street nearest to the site of the work being completed.

I, _____, the above-named applicant, hereby attest that I am the lawful owner of the property described within; or I am the lawful agent of said owner and affirm under the penalty of perjury that all statements made by me on this application are true.

Affidavit of Exemption to Show Specific Proof of Worker's Compensation Insurance Coverage for a 1, 2, 3 or 4 Family, Owner Occupied Residence

Under penalty of perjury, I certify that I am the owner of the 1, 2, 3 or 4 family, owner occupied residence (including condominiums) listed on the building permit that I am applying for, and I am not required to show specific proof of Worker's Compensation insurance coverage for such residence because (please check the appropriate box):

- Box 1**
I am performing all the work for which the building permit was issued.

- Box 2**
I am not hiring, paying or compensating in any way, the individual(s) that is (are) performing all the work for which the building permit was issued or helping me perform such work.

- Box 3**
I have a home owner's insurance policy that is currently in effect and covers the property listed on the attached building permit AND am hiring or paying individuals a total of less than 40 hours per week (total hours for all paid individuals on the job site) for which the building permit was issued.

I also agree to either:

- Acquire appropriate Worker's Compensation coverage and provide appropriate proof of that coverage on forms approved by the Chair of the NYS Worker's Compensation Board to the government entity issuing the building permit if I need to hire or pay individuals a total of 40 hours or more per week (total hours for all paid individuals on the job site) for work indicated on the building permit was issued; **OR**

- Have the general contractor performing the work on the 1, 2, 3 or 4 family, owner occupied residence, including condominiums, listed on the building permit that I am applying for, provide appropriate proof of Worker's Compensation coverage or proof of exemption from that coverage on forms approved by the Chair of the NYS Worker's Compensation Board to the government entity issuing the building permit if the project takes a total of 40 hours or more per week (total hours paid for all paid individuals on the jobsite) for work indicated on the building permit.
